

SADRC

How You Can Help

San Antonio Digital Radio Club (SADRC) operates multiple C4FM Digital Repeaters in the San Antonio area and other areas within Texas. **The club is not a 501C3** and exists primarily through the club members equipment, time, and efforts!

What we provide

We provide a wide area communications network for the benefit of amateur radio operators and the community. We are a civic minded group and our network can be used to assist the community when needed and upon request.

Gift of Money

Your “Gift of Money” helps offset costs incurred by the club which provides the repeater site and equipment.

To make your gift more effective and go further, SADRC now uses  **Givebutter**® instead of **GoFundMe**.

Easier for you To make a gift to SADRC, just go to <https://givebutter.com/HdjUj8>

Givebutter provides modern methods to simplify your ‘Gift of Money’ to SADRC.
